PROGRAMME REPORT

Name of the Programme : A Two-week certificate course on Research Grant Writing

Academic Year : 2019-2020

Date : 17-09-2019 to 27-09-2019

Venue : Lecture Hall-5

Number of Participants : 19

Resource person	Mr.Upendra rao M. Pharm, (Ph.D) Asso.professor Bhaskara College of Pharmacy 9866406767 Emailid:uupendrarao@gmail.com
Resource person	Mr. M.D .Abdul Sattar M. Pharm, Asso.professor KJR College of Pharmacy Emailid:abdulsattar.bph@gmail.com
Programme Co-Ordinator	Mrs .K.Usha rani M. Pharm, Asst professor Sri Sivani College of Pharmacy

Objectives of Programme:

The primary objective of the Two-week Certificate Course on Research Grant Writing is to equip participants with the essential knowledge and skills required to craft successful research grant proposals. This program is designed to empower individuals from diverse academic backgrounds and research domains to effectively seek and secure funding for their research projects. Participants will gain a comprehensive understanding of the grant writing process and develop the capacity to create compelling grant proposals that align with the priorities of funding organizations.

Topics Covered:

- 1.Introduction to Research Grants.
- 2.Identifying Funding Opportunities
- 3.Proposal Development Process
- 4.Needs Assessment
- 5.Project Planning.
- 6.Literature Review
- 7.Budgeting
- 8.Evaluation and Impact Assessment
- 9.Writing and Editing
- 10.Submission and Review Process

Outcomes of Programme:

Upon completion of the Two-week Certificate Course on Research Grant Writing, participants will be well-prepared to seek, secure, and manage research grants successfully. They will have the expertise to transform their research ideas into well-structured grant proposals that stand out to funding agencies. This program empowers individuals to contribute to the advancement of knowledge and innovation within their respective fields by providing them with the necessary tools and skills to secure funding for their research endeavors.

Resource person	Mr.P.Appalaswami M. Pharm, Asst Professor Sri Sivani college of Pharmacy 9573189344 Email Id:sivaniswami@gmail.com
Programme Co-Ordinator	Mr.D.V.Santosh M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

This two-week certificate course aims to provide participants with a comprehensive understanding of pharmaceutical industry standards and ethical guidelines. It covers essential topics related to regulatory compliance, quality standards, drug development, and ethical considerations within the pharmaceutical sector.

Topics Covered:

- 1: Introduction to Pharma Industry Regulations and Frameworks
- 2: Pharmaceutical Quality Standards
- 3: Ethical Guidelines and Compliance in the Pharma Sector
- 4: Drug Development Process and Regulatory Approval
- 5: Pharmacovigilance and Drug Safety
- 6: Intellectual Property Rights and Patents in Pharma
- 7: Marketing, Sales, and Advertising Regulations
- 8: Clinical Trials and Human Subjects Protection
- 9: Emerging Trends and Technologies in Pharma
- 10: Industry Best Practices

Outcomes of Programme:

By the end of the program, participants will be equipped with the knowledge and skills to navigate the complex landscape of the pharmaceutical industry. They will have a deep understanding of regulatory requirements, ethical decision-making processes, and best practices, making them well-prepared to contribute effectively to the industry while upholding high ethical standards

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

PROGRAMME REPORT

Name of the programme : A Two-week certificate course on Health Economics

Academic Year : 2019-2020

Date : 09-12-2019 to 19-12-2019

Venue : Lecture hall - 4

Number of Participants : 39

Resource person	Ms. P.L. Annapurna devi M. Pharm, Asst Professor Sri Sivani college of Pharmacy 7901351407 Emailid:devi.anannya@gmail.com
Programme Co-Ordinator	Ms. G. Prasanna M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The objective of the two-week certificate course on Health Economics is to provide participants with a comprehensive understanding of the economic principles and concepts applied to healthcare systems. By the end of the course, participants will:

1. Gain a foundational knowledge of health economics terminology and key concepts.
2. Understand the various healthcare systems and financing models globally.
3. Learn how to conduct cost-benefit and cost-effectiveness analyses in healthcare settings.
4. Acquire skills in economic evaluation methods for healthcare interventions.
5. Explore the role of health economics in health policy and decision-making.
6. Examine health insurance mechanisms and risk assessment in healthcare.

7. Gain insights into global health economics and its significance.
8. Apply health economics principles to real-world case studies and scenarios.
9. Develop practical skills to assess and address economic issues in healthcare.

Topics Covered:

Day1: Introduction to Health Economics

Day 2: Healthcare Systems and Financing

Day 3: Cost-Benefit Analysis

Day 4: Cost-Effectiveness Analysis

Day 5: Health Economic Evaluation Methods

Day 6: Health Policy and Decision-Making

Day 7: Health Insurance and Risk Assessment

Day 8: Pharmaceutical Economics

Day 9: Economic Evaluation in Public Health

Day 10: Global Health Economics

Outcomes of Programme:

Upon completion of the two-week certificate course on Health Economics, participants will have acquired a comprehensive understanding of the economic principles and tools relevant to healthcare systems. They will be equipped with the ability to conduct economic evaluations, analyze healthcare financing models, and assess the impact of policies on healthcare outcomes. Participants will also gain insight into the challenges and disparities within healthcare delivery, pharmaceutical economics, and global health economics. Ultimately, graduates of this course will possess the knowledge and practical skills to make informed decisions and contribute effectively to the field of health economics, whether in policy development, healthcare management, or research.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.

Programme Co-Ordinator	Ms.C.Lalitha M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

The objective of this two-week certificate course on Healthcare Supply Chain Management is to provide participants with a comprehensive understanding of the principles, strategies, and practices essential for efficient and effective management of healthcare supply chains. Through a combination of theoretical knowledge and practical applications, this program aims to equip learners with the skills needed to optimize procurement, inventory, logistics, compliance, technology, cost, risk, sustainability, and ethics within healthcare supply chains, ultimately contributing to improved patient care, cost-efficiency, and sustainability in healthcare organizations

Topics Covered:

- 1: Introduction to Healthcare Supply Chain Management (HSCM)
- 2: Procurement strategies and vendor management in healthcare settings.
- 3: Inventory management and demand forecasting techniques in healthcare supply chains.
- 4: Logistics and distribution systems.
- 5: Regulatory compliance and quality assurance in HSCM.

Name of the Programme : A Two-week certificate course on Medication Monitoring Devices.

Academic Year : 2019-2020

Date : 17-02-2020 to 27-02-2020

Venue : Lecture hall -3

Number of Participants : 55

Resource person	Ms.S.V. Kranthi kumari M. Pharm, Associate Professor Sri Sivani college of Pharmacy 6301288446 Email Id :kranticharishma@gmail.com
Programme Co-Ordinator	Ms.V.Swathi M. Pharm, Asst Professor Sri Sivani college of Pharmacy

Objectives of Programme:

Course Objectives:

- Understand the various types of medication monitoring devices available.
- Gain knowledge of how these devices function and their applications.
- Learn about ethical and regulatory considerations in medication monitoring.
- Develop skills in selecting, implementing, and analysing data from these devices.
- Enhance patient education and engagement strategies.
- Explore emerging trends in medication monitoring.

Topics Covered:

Day 1: Introduction to Medication Monitoring Devices.

Day 2: Types of Medication Monitoring Devices.

Day 3: How Medication Monitoring Devices Work.

Day 4: Importance of Medication Adherence.

Day 5: Ethical and Regulatory Considerations.

Day 6: Device Selection and Implementation.

Day 7: Data Analysis and Interpretation.

Day 8: Patient Education and Engagement.

Day 9: Practical Applications and Case Studies.

Day 10: Future Trends in Medication Monitoring.

Outcomes of Programme:

- Participants will be equipped with the knowledge to make informed decisions on device selection and implementation.
- Improved ability to ensure medication adherence and patient safety.
- Enhanced data analysis and interpretation skills for monitoring medication effectiveness.
- Ethical awareness and compliance with regulatory requirements in medication monitoring.
- Practical experience through case studies and program development.

The students are actively participated in course programme and certificates are issued after assessment the students. All the participants have given positive feedback on overall course.
