FACULTY DEVELOPMENT PROGRAMME

ON

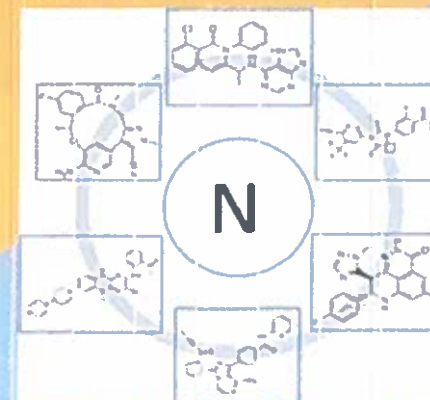

SIGNIFICANCE OF

N-CONTAINING HETEROCYCLICS

IN

DRUG DISCOVERY AND DEVELOPMENT

(06.12.2021 TO 11.12.2021)

ORGANIZED BY

SRI SIVANI COLLEGE OF PHARMACY

CHILAKAPALEM, SRIKAKULAM

ABOUT COLLEGE:-

Sri Sivani College of Pharmacy was established by the Sri Sivani Educational Society in 2007, led by highly motivated and philanthropic individuals with a vision for meticulous planning and commitment to the upliftment of professional education in rural areas of Srikakulam district, Andhra Pradesh.

The campus is spread across 2.56 acres of pollution-free, picturesque, lush green surroundings, creating the right ambiance and conducive environment for quality education and research.

The institute infrastructure includes well-equipped laboratories, a well-stocked library, spacious lecture halls, separate hostels for boys and girls, a canteen, a generous playground, computer lab. A regular bus service facilitates easy transportation for students between the campus and the city.

COURSES OFFERED :-

OBJECTIVES OF PROGRAMME:

The objective of the One Week Faculty Development Program is to provide participants with a comprehensive understanding of the significance of N-Containing Heterocycles in Drug Discovery and Development. By exploring the synthesis, design, and applications of these compounds, the program aims to equip faculty members with the knowledge and tools to effectively teach and contribute to advancements in the field of medicinal chemistry.

Topics to be Covered:

Day	Topic
Day 1	Overview and Importance of N-containing Heterocycles in drug discovery and development
Day 2	Synthetic accessibility and diversity of N-containing Heterocycles
Day 3	Pharmacophores and Drug Design
Day 4	Influence of N-containing Heterocycles on drug pharmacokinetics: Absorption, distribution, metabolism, and excretion (ADME)
Day 5	Case Studies Therapeutic areas such as oncology, infectious diseases, and neurological disorders
Day 6	Future Perspectives and Challenges

Objectives of Programme:

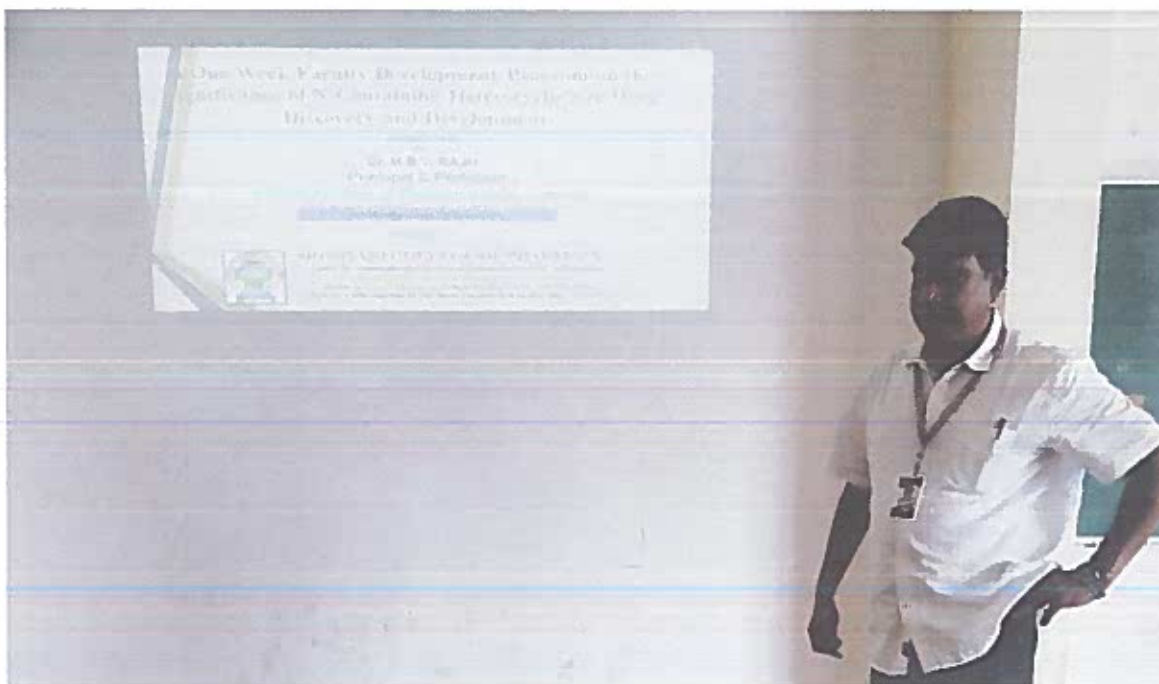

The objective of the One Week Faculty Development Program is to provide participants with a comprehensive understanding of the significance of N-Containing Heterocyclics in Drug Discovery and Development. By exploring the synthesis, design, and applications of these compounds, the program aims to equip faculty members with the knowledge and tools to effectively teach and contribute to advancements in the field of medicinal chemistry

Topics Covered:

Day	Topic
Day 1	Overview and Importance of N-containing Heterocyclics in drug discovery and development
Day 2	Synthetic accessibility and diversity of N-containing Heterocycle's
Day 3	Pharmacophores and Drug Design
Day 4	Influence of N-containing Heterocyclics on drug pharmacokinetics: Absorption, distribution, metabolism, and excretion (ADME)
Day 5	Case Studies Therapeutic areas such as oncology, infectious diseases, and neurological disorders
Day 6	Future Perspectives and Challenges

Keynote Speaker: G. Venkateswara Rao

Keynote Speaker: Dr.M.B.V.Raju

Outcomes of Programme:

The One Week Faculty Development Program on the Significance of N-Containing Heterocyclics in Drug Discovery and Development was successfully conducted. The program featured insightful lectures by renowned experts in the field, covering topics ranging from the synthesis techniques of N-containing heterocyclics to their role in drug design and development. Participants engaged in interactive workshops, fostering discussions on the latest advancements and challenges. The program facilitated networking opportunities, enabling fruitful collaborations among educators. Overall, the program accomplished its goal of enhancing participants' understanding and expertise in this vital area of pharmaceutical science.

OBJECTIVES OF PROGRAMME:

The One Week Faculty Development Program aims to provide educators with a comprehensive understanding of recent trends in nutraceutical research. Participants will gain insights into the evolving landscape of nutraceuticals, covering aspects such as nutrigenomics, functional foods, health applications, regulatory considerations, and technological advancements. The program seeks to equip faculty members with up-to-date knowledge that can be integrated into their teaching and research activities, fostering a deeper understanding of nutraceuticals among students and promoting further academic exploration in this field.

Topics to be Covered:

Day 1: Introduction to Nutraceutical Research and its Significance.

Day 2: Advances in Nutrigenomics and Personalized Nutrition.

Day 3: Exploration of Functional Foods and Bioactive Compounds.

Day 4: Role of Nutraceuticals in Preventive and Therapeutic Health Management.

Day 5: Emerging Technologies in Nutraceutical Product Development.

Day 6: Future Directions and Collaboration Opportunities in Nutraceutical Research.

Phone no:8790837966

E-mail ID: padmasripharma@gmail.com

Programme Coordinator:

Mr.U.SRI VENKATESH

M.Pharm.

Asst.Professor

Sri Sivani College of Pharmacy

Objectives of Programme:

Objectives of Programme:

The One Week Faculty Development Program aims to provide educators with a comprehensive understanding of recent trends in nutraceutical research. Participants will gain insights into the evolving landscape of nutraceuticals, covering aspects such as nutrigenomics, functional foods, health applications, regulatory considerations, and technological advancements. The program seeks to equip faculty members with up-to-date knowledge that can be integrated into their teaching and research activities, fostering a deeper understanding of nutraceuticals among students and promoting further academic exploration in this field.

Topics Covered:

Day 1: Introduction to Nutraceutical Research and its Significance.

Day 2: Advances in Nutrigenomics and Personalized Nutrition.

Day 3: Exploration of Functional Foods and Bioactive Compounds.

Day 4: Role of Nutraceuticals in Preventive and Therapeutic Health Management.

Day 5: Emerging Technologies in Nutraceutical Product Development.

Day 6: Future Directions and Collaboration Opportunities in Nutraceutical Research

Keynote Speaker: Dr.P. Balakrishnaiah

Keynote Speaker: Mrs.B. Padmasri

Outcomes of Programme:

By the end of the program, participants are expected to have a holistic understanding of recent trends in nutraceutical research. They will be able to integrate this knowledge into their curriculum, enhancing the quality of education provided to students. Participants should be able to identify potential research avenues within nutraceuticals and contribute to advancements in the field. Moreover, they will be well-informed about the regulatory and safety aspects surrounding nutraceuticals, enabling them to guide students and peers effectively. Ultimately, the program aims to create a network of educators who can collaborate on research projects, thus driving the progress of nutraceutical research and its applications.

PROGRAMME REPORT

Name of the Program: Two Days Training Program on “Instrument Handling maintenance and Documentation”

Date: 11.04.2022 to 12.04.2022.

Academic Year: 2021-22

Venue: Instrumentation Lab

NO. Of Participants: 18

Resource Person Y. SATISH B.Tech Director Electrochem Instrumentation Phone: 9100821269 E-Mail: electrochemin@gmail.com	Programme Co-Ordinator: Mrs.Ramadevi. Bevara M.Sc. Asst.Professor Sri Sivani College of Pharmacy
---	---

Topics Covered:

Day 1 Schedule:

Session 1: Introduction to Instruments

- Overview of instruments used in the organization.
- Types of instruments and their applications.
- Importance of instrument management.

Session 2: Instrument Handling

- Proper techniques for handling instruments.
- Safety precautions during instrument handling.

- Safety precautions during instrument handling.
- Practical demonstrations and hands-on exercises.

Session 3: Instrument Maintenance

- Understanding maintenance schedules.
- Cleaning and calibration of instruments.
- Troubleshooting common issues.
- Preventive maintenance practices.

Day 2 Schedule:

Session 4: Documentation and Record-Keeping

- Importance of documentation in instrument management.
- Types of instrument-related documents.
- Creating and maintaining instrument records.
- Best practices for record-keeping.

Session 5: Quality Control and Assurance

- Understanding quality control procedures.
- Implementing quality assurance measures.
- Importance of regular audits and checks.

Session 6: Recap and Assessment

- Review of key concepts from the training program.
- Assessment to evaluate participants' understanding and skills.
- Q&A session to address any remaining doubts or questions.

Objective of the Program:

- To provide participants with a comprehensive understanding of various instruments used in the organization.
- To equip participants with the knowledge and skills required for safe and effective instrument handling.
- To introduce participants to maintenance procedures to ensure instrument longevity.

- To delve deeper into documentation related to instrument management.
- To ensure that participants are well-prepared to handle instruments efficiently

Outcome of the Program:

By the end of this two-day training program, participants will:

- Have a clear understanding of various instruments used in their workplace.
- Possess the knowledge and skills required to handle instruments safely and effectively.
- Be familiar with maintenance procedures to ensure instruments are in optimal condition.
- Understand the importance of documentation and be able to create and maintain instrument records.
- Be equipped to contribute to the efficient management of instruments in their organization, thereby enhancing overall operational effectiveness.

This training program aims to empower non-teaching staff with the knowledge and skills necessary for responsible instrument management, contributing to the organization's overall success and productivity.
